FOR IMMEDIATE RELEASE

M. Glosser & Sons Becomes 100% Employee-Owned Through ESOP

126-Year-Old Johnstown Steel Company Secures Future with Employee Ownership

Johnstown, PA – September 2, 2025

M. Glosser & Sons, a 126-year-old steel service center headquartered in Johnstown, PA, with additional branches in Windber, Camp Hill, McKeesport, and Zelienople, PA, announced today that it has transitioned to a 100% Employee Stock Ownership Plan (ESOP). The move ensures long-term succession, keeps ownership in the hands of employees who know the business best, and reinforces the company's deep commitment to its people and community.

Founded in 1899, M. Glosser & Sons has been a cornerstone of the region's industrial economy. By adopting an ESOP, the company strengthens its succession plan, preserves its unique culture, and provides employees with the opportunity to directly share in the company's success.

"Transitioning to employee ownership is both a way to honor our legacy and to build our future," said Greg Glosser, President of M. Glosser & Sons. "Our employees are the heart of this company, and the ESOP ensures that they benefit directly from the growth and success they help create."

An employee representative added, "Becoming owners gives us pride and responsibility. We are more motivated than ever to serve our customers and carry forward the values that M. Glosser & Sons stands for."

Customers and community members can expect the same reliable service and strong relationships that have defined M. Glosser & Sons for more than a century. The ESOP ensures that ownership remains local, supporting the Johnstown community for generations to come.

The ESOP marks the next chapter in M. Glosser & Sons' proud history, ensuring that employees, customers, and the Johnstown community can look forward to a strong and stable future.
