

FOR IMMEDIATE RELEASE

CHICAGO – December 1, 2022 – [North American Steel Alliance](#) (NASA) announces the addition of our newest Operational Supplier, PGT Services to the Co-op as of December 1st, 2022.

“PGT Services is excited to be joining NASA and working with NASA Members. The metals sector is a critical component of our business and a key driver of the American economy. We are excited for this opportunity.” – Barret Rea, President

PGT Services, headquartered in Pittsburgh, PA, is a nationally recognized transportation brand with over 40 years of history. Flatbed is and always will be their cornerstone of expertise, but over time PGT Services has evolved into a multi-modal transportation services provider. Their growth and expertise in the metals and building products industry have made them a reliable transportation expert to many high-profile customers across various industry verticals.

“As a flatbed specializing transportation partner with 40 years of steel hauling imbedded in our roots, we look forward to the opportunity to serve and grow with the partners of the North American Steel Alliance”- Justin Burgh, Vice President of Sales, Marketing, and Pricing
